<b>Considerations</b>	<b>Actions</b>	<b>Who's Responsible?</b>	<b>Timeline</b>
What do we need to do?			
Who and how will we gather assessment information?			
Who will contribute and participate in the Child Outcome Ratings?			
How will families be included in our team decision-making process?

<p>How does this process fit into our existing team processes e.g. Family Interviews, IFSP and IEP?</p>			
<p>Who will lead the process and make sure it happens?</p>			
<p>How will team consensus be reached?</p>			
<p>Who will be involved and responsible for reporting the data to DPI/DHFS?</p>			
<p>What additional training do we need?</p>
