Designed for Early Childhood Special Education Leaders
The Wisconsin Early Childhood Special Education Email List

WI-ECSE is designed to facilitate interactive, electronic communication among the Wisconsin Department of Public Instruction (DPI) and the state's early childhood special education program support teachers and leadership. WI-ECSE is an open, unmoderated list. It is targeted for early childhood special education leadership including program support teachers, Regional Service Network directors (RSN), higher education personnel, and others.

The DPI Early Childhood Consultants will use this list to provide early childhood special education leadership with:

- notices of ECSE Program Support Teachers meetings and/or other meetings relevant to early childhood special education leadership,
- information related to IDEA preschool grant activities
- information related to the State Performance Plan Indicators, and
- updates relative to state and federal activities for serving young children with disabilities.

The focus of the WI-ECSE is early childhood special education; birth to 6, with an emphasis on children ages 3-5 years. It is intended to supplement the Wisconsin Early Childhood Collaborating Partners listserv (WECCP) which is a broad-based listserv related to early childhood care and education.
